Carpe Diem Canada basket

Portfolio manager commentary

The Carpe Diem Canada basket offers investors a blue-chip, Canadian equity portfolio. The Carpe Diem Canada basket delivered exceptional one year performance, up 37.8%; and up 16.07% annualized since inception (May 2021).

The Carpe Diem Canada basket's strong performance came primarily from the financial and energy stock selections. Canada outperformed global equity markets despite the elevated tariff and geopolitical risks. Corporate earnings growth, particularly in the financial and energy sectors were large contributors.

The Carpe Diem Canada basket is diversified into 25 blue-chip companies and one ETF. By maintaining exposure to both growth and income sectors, the portfolio is well-positioned to capture upside while mitigating risk. In this environment, investors are encouraged to buy the dips, utilize dollar cost averaging, and remain patient for opportunities to emerge.
